ADDRESSES OF GRADUATES

FORMER STUDENTS

AND

RECIPIENTS OF HONORARY DEGREES

The following lists have been prepared with great care and are as nearly correct as the compilers have been able to make them. In each case the latest known address has been given.

Yet it is unlikely that errors have been wholly avoided, and corrections will be gratefully received at the College office.

The College is anxious to keep in touch with all her alumni and non-graduate members. That she may do this it is necessary that changes of address should be promptly communicated to the Treasurer or to the Secretary of the Faculty. Such changes are noted in the mailing list and incorporated in the next printed catalogue.

It has been found necessary to ask the Alumni to assist in defraying the expenses of publishing this pamphlet and a price of Twenty-five cents per copy has been fixed as reasonable and proper.

At this time, January 26, 1906, the prospects of the College are encouraging. The number of students and of professors is larger than ever before. New departments of instruction have been established and a general spirit of enthusiasm and confidence is evident among alumni and friends. Yet the wants of the institution are great. Money is sorely needed for current expenses, as well as for expansion. A new library building will be imperatively demanded within a very short time, as will, also, a new building for the use of the scientific departments. For many years the need of an appropriate Chapel has been recognized by all familiar with the situation.

These buildings are improvements that cannot be long deferred. The Alumni and friends of the College are asked to make note of these facts, especially of the pressing need of large additions to our endowment funds.
